Lockdown procedures should be seen as a sensible and proportionate response to any external or internal incident which has the potential to pose a threat to the safety of staff, pupils and visitors to the school. The following procedures aim to minimise the disruption to the learning environment whilst ensuring the safety of all involved.

These lockdown procedures may be activated in response to any number of situations which could pose a risk to the staff, pupil and visitors to the school and could include:

- A reported incident or civil disturbance in the local community;
- An intruder on the school site;
- A warning being received regarding a nearby air pollution risk (smoke plume, gas cloud, etc.);
- A major fire in the vicinity of the school;
- A dangerous animal (e.g. large dog) roaming loose near/on the school grounds.

As not all potential circumstances which may lead to a school lockdown can be foreseen, it is important that any plans/actions are dynamic and able to deal with an ever changing risk/threat.
